

# VIKTORIIA NIDZELSKA

## TRAINEE FRONTEND DEVELOPER

I am putting myself forward for the position of Trainee Frontend Developer, because I believe that I have acquired the necessary basic knowledge and practise to be valuable to the company and the team. I fell in love with Frontend Development, so I will learn quickly and will be inspired to solve new technical problems. I have a lot of experience working in a team. Received certificates from Beetrout Academy, ITVDN and Prometheus.
